

NOTICE TO ASSESSORS
In keeping with his policy of full disclosure of assessment information, the County Assessor of Los Angeles County, with the approval of the Board of Supervisors, has instituted newspaper publication of the following:

All real property assessments are published in this issue of the County's "The Assessor," the year's "Tax Book," and the "Assessor's Tax List." All changes in real property assessments in the various areas of the County are published in this issue.

Four-fifths of the County are published as "Changes Only."

Properties identified by map book, page and parcel number. Where street and address numbers are known, the property is on street; otherwise, the address is given in a line. It denotes that an owner's exemption was granted.

An assessors' listing of his last year's tax bill, which includes the name of the property, book, page and parcel designation. In the absence of a tax bill, a particular parcel can be found by looking at the appropriate area map published elsewhere in this issue.

Any parcel within Publication Area Two will be taxed, whether or not there has been a value change, unless otherwise indicated. Publication Area Two, however, does not include changes in value from 1964.

Assessors are asked to direct all questions regarding these assessments to the regional office serving their area.
